11. Mayor's Report:

- Budget work meeting on 5/14/18... We don't have the money coming in that we used to a couple years ago. Also, our revenues haven't increased in many, many years; the cost of business has gone WAY up. If we don't do something now, we're going to be in trouble. If we want to remain a town, we're going to have to raise taxes. The Mayor will be doing a Town Hall on that sometime soon. We will do the public hearings and go through the truth and taxation process. Also, we will go through the budget and explain why we are where we are; what we've been doing, what we've been getting by with and what we have to do to continue.

12. Town Council Report:

a. Councilwoman Bori

- Just want to mention the Mayor saying we don't have as much money coming in, one of the big reasons is because Kennecott is not buying water.
